SEE ART COME TO LIFE

Immersive art exhibitions by classical, modern, and contemporary artists

INTRODUCTION

See art come to life in the largest immersive digital art centre in the Netherlands - Fabrique des Lumières. Located in the historical Westerpark in Amsterdam, Fabrique des Lumières welcomes teachers, pupils and students for a special experience in a monumental space of 17 meters high. Stunning artworks are brought to life through cutting-edge technology, with 100+ state-of-the-art projectors and accompanying music. The perfect environment for students of all ages to learn about art, culture and history in a unique and multisensory way!

SELF-GUIDED VISITS

Due to the multi-sensory nature of our digital art exhibitions, we do not offer guided tours. Instead, students and pupils are invited to fully immerse themselves and experience the art in their own unique way. There are several informative screens located around the art centre.

EXHIBITIONS

Experience the genius of renowned painters of the Netherlands through a complete immersion in authentic artworks, following the footsteps of the great masters who represented the ordinary in an extraordinary way.

LONG EXHIBITION

FROM VERMEER TO VAN GOGH DUTCH MASTERS

This immersive experience transports you to the Dutch Golden Age, featuring iconic artists such as Vermeer and Rembrandt capturing the Dutch society with rough seas, scenes of faith and enchanting winter landscapes. Van Gogh also deserves our undivided attention: let's delve into the mesmerizing world of his starry nights.

SHORT EXHIBITION

MONDRIAAN AN ABUNDANCE OF COLOUR

Mondriaan's iconic grids of primary colours have inspired artists worldwide, leaving an indelible mark on pop culture. This exhibition follows the artistic journey of the painter, beginning with his formative years and culminating in the dynamic interplay of lines and colours that catapulted him to international fame.

CONTEMPORARY CREATION
